VS1

First Love
First light
First time I've cried in a long long time
Sweet release
First hope of peace
And now I'm

CH

Coming back to You
Running back to You
Coming home to You
My Lord

VS2

My first Love
I thought
My life was wound around Your heart
But I never knew
My soul could stray
So far away

CH

I'm coming back to You
Running back to You
Coming home to You

Bridge

My first Love
Jesus
I hear You calling
Child come back to me
Don't lose sight of me
Child don't wait until you're so far gone
You can't find home
Return to Me
Return to Me
Don't wander any longer
From the Lover of your soul

VS3

My God
Your voice
Was lost on me for a long long time
To live my life
Without Your sweet song
Is all just noise

CH

I'm coming back to You
Running back to You
Coming home to You
Jesus I'm

Coming back to You
Running back to You
Coming home to You
My Lord
My first Love

Outro

Jesus
My first Love

Coming back to You
Coming back to You
Coming home to You

Coming back to You
Coming back to You
Coming home to You

Coming back to You
Coming back to You
Coming home to You

Coming back to You
Coming back to You
Coming home to You

Coming back to You
Coming back to You
Coming home to You
