## Skill, Strategy and Story Event Featuring Bill Hybels

Bill Hybels will be joined by lead pastor Jeff Lockyer of Southridge Community Church (St. Catharines, ON), who will be addressing leadership in a specifically Canadian context. Additionally, four concurrent sessions facilitated by accomplished Canadian leaders will be offered for you to participate in over the lunch hour:

- **Missional Church:** What does true missional/incarnational living in today's culture really look like? What does it mean to engage our community where they are at both relationally and spiritually?
- **Leadership and Discipleship in the 21st Century:** As our society shifts technologically, demographically and culturally, let's discuss how we now create effective disciples of Christ and leaders that serve Him in our new reality.
- **Work/Life Balance:** Church leaders are feeling the pressure to make a Kingdom impact like never before. The balance of making life work holistically in a healthy manner is never an easy task.
- **Transferring "Boomer-Led" to "NextGen-Led" Leadership:** As churches and their leadership age, many leadership teams are looking to restructure toward a more youthful approach. What are some key actions to embrace and key perils to avoid?

In order to encourage momentum, the S3 Event is designed to encourage teams of at least three to attend the event. For best rates register before March 30 for the Mississauga event and before April 27 for the Surrey event.
